welcome to the

SWALLOW HILL MUSIC

Julie Davis School of Music

Founded in 1979, Swallow Hill Music now teaches over 4,000 adults, teens, kids, and pre-school students per year. We have workshops, classes, and private lessons for every interest, age, and skill level – covering pop, rock, blues, jazz, bluegrass, punk, indie, roots, folk, gypsy, old-time, Irish, country, world and more.

Each session we offer more than 200 classes and workshops, and private lessons for guitar, fiddle/violin, mandolin, piano, voice, harmonica, bass, banjo, ukulele, hand drums, drum kit, dobro and more. We also offer classes and workshops in songwriting, recording, theory and musicianship.

GROUP CLASSES

Learn a musical instrument in a social setting through our group classes with one of our highly qualified teachers. We offer classes for students of all ages and abilities. Beginner? No problem! Jump into one of our Core Programs and you will be playing a song after your first lesson. Advanced? Check out our specialty and ensemble classes. Most classes are 1-hour long, running for 8 weeks.

Classes Start Apr. 23!

PRIVATE LESSONS

Dig deeper, ask those burning questions, and accelerate your skills through a private lesson with our experienced faculty. Available in 8-week sessions or a la carte, seven-days-a-week for kids, teens and adults in nearly every instrument and style of music – acoustic and electric. For complete information visit swallowhillmusic.org or call our friendly front desk at 303.777.1003 x2.

WORKSHOPS

Take advantage of unique opportunities to learn and connect with the experts. Our workshops are scheduled almost every weekend and feature teaching from visiting national artists, professional Colorado musicians and our spectacular teaching faculty. To find out more, visit swallowhillmusic.org.

This session: 04.23 - 06.17

Current session dates don't work for you?

Our next school session begins 06.18.

School closure

Monday, May 28, Memorial Day

BIG DISCOUNTS!

Register at least one week early and save \$8. If you're a member, you'll save a whopping \$16!

CORE PROGRAMS

Guitar • Ukulele • Banjo • Mandolin • Fiddle • Harmonica

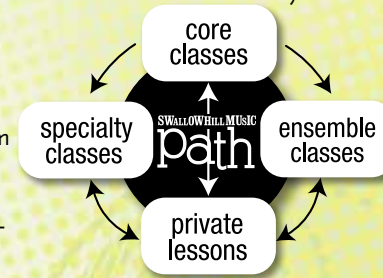

Our progressive Core Instrument Programs allow adults to discover (or rediscover) music in a relaxed and fun group environment. The Core Program is the starting point for many people at Swallow Hill Music, and all Core Program classes meet weekly for one hour throughout the 8-week session.

With an emphasis on actually playing, you'll start making music and playing songs from day one. All styles and genres of music are covered from traditional to modern, building

up an accessible repertoire of songs and skills. Each level seamlessly progresses into the next at the same day and time.

The skills you'll have after several levels of core classes will allow you to jump into our specialty classes or ensemble classes, where you'll learn to play as a band with your peers.

Of course, private lessons are available for students at any level to accelerate your skills with one-on-one instruction.

SUMMER CAMPS!

- **House of Rock Summer Camp** (ages 13-18) learn to play in a rock band.
- **Gleek Week Camp** (ages 11-17) sing the hits from popular musicals!
- **EXPLORE! Music - Kids Summer Camp** (ages 6-11) discover the fun of music with instruments, rhythm, singing, and more.

For more information about our fantastically fun kids' camps, visit swallowhillmusic.org/camps. Hurry, spots fill quickly!

WE'VE BEEN TEACHING KIDS, TWEENS AND TEENS SINCE 1979, AND WHAT BETTER WAY FOR THEM TO DELVE INTO MUSIC THAN THROUGH OUR SUMMER MUSIC CAMPS!

Classes start Apr. 23!

Beginner?

Start with Guitar 1-A. In a comfortable group setting, you'll learn to play a song after one class.

Some Experience?

Check out our selection of Core Guitar classes and find one that fits your skill level. Many self-taught players jump right into Guitar 2-A.

Knowledgeable Player?

If you can play barre chords and know some scales, start with a Guitar 3-A class.

Difference between "A" and "B" classes?

Core Guitar "A" and "B" core classes compliment each other. In "A" level classes, you'll learn new skill sets and songs. In "B" classes, you'll reinforce your new skills and using them, you'll build up your repertoire of songs.
